Students will receive professional advice from expert managers in caring and nurturing environments during the internship period.

“

KEY FEATURES AND BENEFITS

Participants will work as interns in leading hotels or restaurants under the international work system for a period of 3-12 months. They will apply current, and learn new skills and methods in their discipline. New skills learnt can be readily adapted for application in participants' home country. Instruction will be in English, however learning some basic Thai language skill will be required. Full, professional support will be provided throughout the course of the program.

International work placements provide exposure to new work practices, products, cultures and languages. They are extremely valuable in broadening the mind and providing a sound basis for future adjustments to new placements, situations and environments. CVs that show placements in other countries are highly regarded by prospective employers.

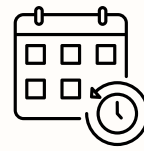

WHY THAILAND?

Thailand is one of the world's most visited countries with well over 34.5 million tourists from all over the world visiting each year. As a result, the service industry is one of the most developed in the world and continues to grow. This sector is prosperous and a major employer both for Thais and for foreigners wishing to learn practices in the industry and experience the rich Thai culture. There is a wide range of placement opportunities, including in client service to culinary positions and a wide range of settings. Program participants will have the opportunity to acquire skills and develop professionalism approaches by working with experts.

A basic allowance ranging from 3,000 to 10,000 Baht (at the employer's discretion)
